# Friday News

## School Uniform

We have noticed a number of children who are not wearing full school uniform everyday. Please ensure that your child has their full uniform including shirt and tie, grey pants or skirts and black shoes.

We have a number of girls cardigans in stock from when school used to sell uniform and they will be available after school Monday from the office for a discounted price of £3 on a first come, first served basis. We also have a small number of fleeces available for £5.

PE kit should be in school at all times and this comprises of a white t-shirt, navy blue shorts and dark trainers or plimssoles.

**Please can children have their hair tied back or plaited as we have had a number of instances of headlice in school.**

## Healthy Schools

We have been in the process of changing our Lunch Providers for a number of months and we will have new menus and exciting ideas for our provision for children including preordering all meals for your child so that they always get their preferred meal. News will follow before the Whit Holidays.

To complement this we will be implementing a Packed Lunch Policy using a range of national documents including information and a draft policy from the School Food Trust.

Next week we will be sending home guidelines and the policy for your information. We will be speaking to children in assembly and in class.

Creating healthy options at lunch for your child is extremely important in promoting life lasting habits and makes a positive contribution to your child's health. It also encourages happier and calmer children and young people.

***Exciting News! We are now part of the big art project Bee in the city Check it out here #Beeinthcity***
